

## TINT, WAX & THREADING AFTERCARE

Please follow this aftercare carefully for 24 hours after your treatment:

- Keep out of direct sunlight for 24 hours after and avoid long term to prevent your tint from fading prematurely
- Avoid getting your brows wet for 12 hours after the tint
- Avoid eye makeup
- Avoid swimming, saunas and excessive sweating
- Avoid touching the area that has been treated
- Wash your face with oil free cleansers
- Avoid tweezing/shaving the area between appointments
- If any irritation, redness, or swelling occurs apply a cold compress to soothe the symptoms but contact me immediately or seek medical advice.
